The Municipal District Council held a lengthy session on Tuesday, the minutes for which are not entirely extended but The Press publishes the schedule of exemptions arranged to apply where seed grain liens are registered against the crop.

Man and wife with 4 children	\$500
" " " " " "	425
" " " " " "	350
" " " " " "	275
" " " " " "	200
Single man	125

The above schedule is in effect after the thresh bill has been allowed for.

Grain subject to a lien must not be sold without first obtaining permission in writing from the secretary of the Municipal District, otherwise they are liable to incur the penalty of the law. To those not signifying their intention to stay on the land no allowance will be given.

The district was shocked on Friday by the report coming in from the Midway district to the effect that the dead body of H. O. Anderberg had been found in an unused barn on the old Johnson farm, death apparently having been self inflicted by hanging. Deceased had become despondent over the depressed circumstances, with the above mentioned gruesome result. He apparently had been hanging dead for more than a week and the body was so badly decomposed that immediate burial was necessary. Deceased had left home Aug. 30th, but it was supposed that he had gone to the home of one of his sons. Anton Odergard discovered the remains, immediately communicating with Constable Cawsey at Lomond. The coroner, Dr. Carson of Vulcan, viewed the remains, ordering immediate disposal without inquest.

Henry Jones has rented the W. S. Bailey farm, Mr. Bailey having gone to Nanton to negotiate the lease of a farm in that district.

Raymond Elliott, son of Mr. and Mrs. Gordon Elliott, had the misfortune to sustain a broken leg on Friday morning. The little fellow was driving to school in a buggy and dropped his whip, and while getting out to pick it up the horse started and the buggy ran over his leg breaking a bone slightly above the ankle.

Nels Sokvitne's rosen rye threshed out twenty-seven bushels to the acre. His wheat and other fields in that district are giving yields around eighteen bushels.

R. H. Hughes and family are

spending the week on a motor trip to Didsbury. Mr. Forster looking after the drug store in the meantime.

Supt. of Consolidated Schools Morgan, of Edmonton, and Inspector McKenzie, of Brooks, visited Lomond on Friday to look into school matters along with the school board. The Press is informed that it is the intention of the board to try and operate with but two teachers. Just how successful this experiment will be the future only can tell.

Mr. and Mrs. W. H. Smith are spending a week on a holiday trip to Calgary and Banff.

C. M. Holo laid a charge of assault against Sam Babcock, the case being heard on Saturday night before Jos. Rodgers, J. P. The defendant pleaded guilty and a fine of \$2 and costs was imposed.

W. A. Teskey has rented the Rickett house recently vacated by Mrs. Enders and will move his residence quarters there.

The Gordon - Campbell Oil Syndicate, which made the original oil strike in the Sunburst field in Montana, will drill for oil near Carmangay on the sand ridge that extends this side of the Little Bow into the Travers and Enchant districts. Perhaps Lomond will become the center of an oil boom yet.

Speaking of oil, it is said that the Imperial well at Fabyan is a real producer. Perhaps this will explain the Calgary refinery proposition.

Should a few more of these rumored removals actually take place, all that will be needed is an Oliver Goldsmith to write the poetry.

"Red" Murphy, who is threshing at Vauxhall, says the wheat average is consistently running at thirty-five bushels to the acre.

Dave Munro had a windmill installed on his well this week and is now roaming around the country looking for exercise.

Dennis Williams has proven to his own satisfaction that the yellow dent corn, native to Iowa and South Dakota, can be ripened in South Alberta. He raised three bushels of corn from seven ears of seed.

For the first time in years the B. C. lumber mills have been advertising for men. It is said that China and Japan are taking up a good deal of the cut.

Corp. Hidson of Claresholm accompanied by Detective Beckwith of the A.P.P., were official visitors to the Lomond detachment this week.

Railway News

Vancouver. — When here recently Mr. Grant Hall, Vice-President C. P. R., said his trip was simply in the nature of an ordinary inspection tour and that the company had no undertakings in mind connected with it. The new pier work will proceed as soon as possible.

As far as he could judge from his trip through the prairies and from reports received, there would be a big crop this year, and the company was making its usual preparations to handle its share of the business expeditiously.

Asked if the big harvest and readjustment of freight rates would mean that this company would carry larger quantities of grain here this fall, Mr. Hall replied that it was a matter over which the Canadian Pacific had no control.

"It all rests with the owner of the grain," he said. "We are prepared to haul it either East or West, just as he directs."

Rumor periodically revives the story that the Canadian Pacific is about to electrify its mountain lines in British Columbia. In regard to this Mr. Hall stated, as he has on former visits here, that the company is still conducting experiments with a view at some later date of formulating a policy in regard to the proposed electrification. The impression he gave was that if the plan is pronounced feasible by its experts and the company is ready, it will proceed with the work. In any event this is liable to be a considerable time distant.

The vice-president was accompanied through the British Columbia division by Mr. F. W. Peters, general superintendent. He was met on arrival here by leading officials of the company and several personal friends.

Assiniboia, Alberta. — A further programme of improvement of lines of the Canadian Pacific in the west was announced by D. C. Coleman, vice-president in charge of Western lines, who is on his way west.

The largest item on the list was the relaying with one hundred pound steel of the double track between Ignace and Kenora.

A considerable number of bridges will be replaced with more permanent structures.

With respect to work on new branch lines it was announced that the existing gap on the Weyburn-Lethbridge will be closed; the line from Russell north will be completed; the first fifty miles of the Lanigan northerly line will be fully equipped for traffic; and the grading will be continued on the branch lines from Consul east. In this connection, Mr. Coleman said: "We had hoped to announce a larger programme of branch line construction but until the effect of the freight rate reductions just ordered on the revenues of the railway companies can be accurately determined, it is obvious that an ambitious policy is out of the question."

Port Hope. — The C. P. R. Port Hope bridge is fifteen hundred feet long. It is an interesting question how long it will require to paint it and how much paint will be used on the work. There are at present eleven men swinging the brushes; they will be busy for at least eight weeks and three hundred gallons of paint will spread over the long span. The work of preparing the girders is a big job and a tedious one. Men

over the entire structure with small picks and hammers removing all the corroded parts after which it is brushed down with steel brushes. A graphite paint is used and it comes all ready prepared for the work. The wages of the men for this job will exceed two thousand five hundred dollars, which gives some idea what the painting account for the C. P. R. would amount to each year. There are two cars which provide eating and sleeping quarters for the men. It is just seven years ago that this big structure was given a liberal coat of paint.

Montreal. — Mr. Alfred Price, General Manager Eastern Lines, Canadian Pacific Railway, for over forty years, who has relinquished his duties with the railway for an indefinite period, left Montreal on the C. P. S. "Montrose" recently, bound for England.

Mr. Price, who is accompanied by his daughters Misses Laura and Grace Price, will spend some time at Torquay, Devonshire, England, where it is hoped Mr. Price's health will be restored.

Several of Mr. Price's friends went aboard the "Montrose" to see him off. Amongst the Canadian Pacific officials present were: A. D. MacTier, Vice-President; James Manson, Assistant to Vice-President; John J. Scully, General Manager Eastern Lines; W. G. Annable; W. Ballantyne; Arthur Allan; George H. Ham; John Leslie, C. P. R. Comptroller, who was accompanied by Mrs. Leslie and Miss Leslie. There were several other friends and well-wishers present. Souvenirs presented to Mr. Price included a pair of binocular glasses.

Mr. Price's cabin was lavishly decorated with flowers by his friends.

Montreal. — Not only does the Canadian Pacific Railway recognize acts of bravery by its own employees, but it acknowledges them when performed by those outside its service. This was shown when the Canadian Pacific recently applied to the Canadian Royal Humane Society for recognition for Samuel J. Dixon, of Pendleton, Ontario, for his gallantry in saving Miss Amelia Boudreault, of St. Pauscal, Ontario, from serious injury or probable death.

At the suggestion of Mr. A. D. MacTier, vice-president, C.P.R., several affidavits from witnesses of the incident and others bearing on the courage and presence of mind displayed by Mr. Dixon were supplied to the Royal Humane Society, and as a result the society has decided to grant a medal for bravery to him.

The incident happened at 6.30 p.m. on February 11th last, when Miss Boudreault, who was late for the train, ran after it as it was leaving Pendleton station, and in attempting to board it fell between the end of the platform and the train wheels.

Affidavits of several witnesses pay a tribute to the pluck displayed by Mr. Dixon. They show that as he was walking on the platform he noticed the young lady clinging to the bars of a coach. Just as he reached her she released her hold and fell, her head striking the oil waste box of the car truck. This swung her around with her feet on the rail. Part of the train hit her, throwing her head and shoulders across the rail. At this instant Mr. Dixon grabbed her and pulled her clear of the moving train wheels. While holding her until the train passed out, Mr. Dixon himself was hit on the head by a coach step. The injured woman was taken to the C.P.R. agent's re-

Giving her strength and courage to
cling

Onto a man as worthless as I.

Fighting to make him the man of her
dream,

Soothing herself with a miserable lie,
Calmly condoning his sin with a sigh,
Saying his coarseness and folly but
seem

And under the rough he is clever and
fine.

Forgetting the cowardly heart that is
mine,

Keeping her white soul shriven and
clean

While fondling a man that's disgusting
and mean,

Sharing his sorrows, allaying his fears,
Bravely upholding him fifty long years,

Finding some virtue to which she can
cling—

Oh, a woman's love is a wonderful.

A Frenchman, with imperfect knowledge of English, after being shown around Warwick Castle by the custodian, an ex-sergeant, apologized for his linguistic mistakes and said: "I fear I have cockroached too much upon your time." "That's all right," said the sergeant, "but you should say 'henroached', not 'cockroached'." "Ah-h," replied the Frenchman, "Zat is what I find most difficile in your so-beautiful language. I do meex up the genders."

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, **GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.**

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds **AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th**, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

"Safety First"

"Safety First" is a good maxim in most things, but particularly so in relation to the investment of money. The rich may afford to speculate and to take the risks attendant on high rates of interest. Those whose means are moderate must be careful to see that there is absolute security in their investments. For such people there is no other form of investment which takes such a high rank, combining absolute security with liberal interest, as the bonds of the Dominion of Canada. Holders of Dominion bonds bearing five and a-half per cent, maturing December 1, 1922, can re-invest their money at the same rate of interest by exchanging the old bonds for new ones running for either five years or ten years, as the bondholder may prefer. Arrangements for carrying out this exchange can be made through all the chartered banks.
